VOL. XXXIII.

STANFORD, KY., FRIDAY, SEPTEMBER 22, 1905.

NO. 58.

KINGSVILLE.

Born, the wife of Jack Murphy, a son. Remember the G. A. R. reunion to be held near here Sept. 27, 28 and 29.

There was an error in our last letter about the "arrival of a son at the home of David Burton." It was the home of James Burton, instead of the former, that was so blessed.

Postmaster J. L. Johnson is erecting a new dwelling on his home lot, which will be occupied by Mrs. Walls. He will also soon begin a new barn and business house on the lot bought of W. L. McCarty.

Mrs. Wm. Gibson died of a complication of troubles and the remains were interred in Pleasant Point Cemetery. Mrs. Gibson was Miss Amance Houpe. She leaves a husband and five children.

A protracted meeting, Mr. Green Murphy informs us, will begin the second Sunday in next month, at the Christian church. Rev. Mills will conduct the services and a splendid meeting is hoped for. The revival at the Baptist church continues with interest.

Ed Hibbard fell off the covered hand car Thursday morning as Section Foreman James Sweeney was taking his men to work. The car ran over him and several other men were thrown from the car. Mr. Hibbard was severely, though not fatally injured, which is almost marvelous under the circumstances.

Thompson & Evans have one of the finest little planing mills in Kentucky and receive more orders than they can fill. Within 60 days this firm will have an electric light plant and later we will have the lights all over town. Kingsville is on a decided boom. The railroad contemplates a number of improvements which will be mentioned later.

Miss Margaret Routen returned to Lexington Monday. Miss Dye, of Science Hill, is the guest of relatives here. Miss Mary Burton, of Somerset, is with her homefolks here. Mrs. Bettie Rowland spent a few days with her sister at Somerset. Allie McElroy was up from Somerset Sunday the guest of Miss Dora Rigney. W. G. Wolf, our popular and efficient station agent, will go to Nicholasville for a visit to his mother. He will also attend the Lexington fair. Cecil Gooch, of Waynesburg, is Mr. Wolf's substitute at the depot. Quite a number from here are attending the Lexington fair. Among the number are Messdames F. M. Dunn, Emma Chevolette, George Rigney, Wm. Reynolds, M. Francis, Daniel Hester, Wallace Walter and Miss Dora Rigney. Miss Lucy Davidson was the guest of Mrs. Dan Hester. Miss Bertha Gooch is at home from Corbin. Mr. D. M. Creighton has been very low the past few days, but is somewhat better.

After continuous labor of 68 days, excluding only Sundays and one holiday, 25 expert money counters under the leadership of E. B. Daskam, Chief of the Division of Public Moneys, Tuesday concluded the counting of the \$1,258,000,000 of coin and notes in the Treasury of the United States. The counting, which was made necessary by the retirement of Ellis H. Roberts as United States Treasurer, and the succession of Charles H. Treat, began on July 1, when Mr. Treat took office, and has continued ever since. As a result of the work Mr. Treat will be able to give Mr. Roberts a receipt in full for the money which Mr. Roberts turned over to him on July 1. There was absolutely no mistake or shortage according to the experts.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effective. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. It is famous for its cures over a large part of the civilized world. Thousands have testified to its superlative excellence. It counteracts any tendency of a cold to result in pneumonia. For sale by all druggists.

The trend of all labor unions is to reduce the hours of work and increase the pay. The Government is to blame, however, for in April, 1840, Martin Van Buren, President of the United States, issued a general order making 10 hours a day's work for all mechanics employed by the Government. Thus the United States was the first employer of labor to establish the 10-hour workday, as at a subsequent date (1868) it was the first to inaugurate the eight-hour workday.

A Remedy without a Peer.

"I find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used for stomach trouble," says J. P. Klot, of Edina, Mo. For any disorder of the stomach, biliousness or constipation, these Tablets are without a peer. For sale by all druggists.

B. P. Shewmaker Writes Entertainingly From Cleveland, Okla.

We reached this place last Wednesday and find it to be the oil city of the West. Oil was discovered here about one year ago and the town has sprung up like wild fire. The population was from 500 to 800 before the oil fields were open. Now it is anywhere between 2,500 and 3,000. Out of 250 wells there are only about three dry ones. You can look out of Mr. Coffey's furniture store and see the derricks on all sides as far as the eye can reach. The country about here is very much like that around Moreland; high ranges of knobs and some of the best oil and gas wells are on these ranges. The gas wells are something wonderful; all the machinery of the factory is run by gas. The sale of oil for light purposes is unknown, as well as for fire of any kind, gas being used for all heating and lighting purposes. I visited the ice plant, which has a capacity of 1,500 tons daily. The manager showed me in the engine room, where I found a large battery of boilers heated by gas, to run the plant and he told me it cost him on an average of 42 cents a day for fuel and lights to run his plant. The principal business houses and hotels here are built of sand stone, which is plentiful in this locality and makes fine looking buildings.

Indians are as thick here as Negroes in Kentucky, but I will tell you in my next letter about them as I leave in a few days on a hunting and fishing trip down in the Osage nations. If they don't get my scalp I will drop you a few yarns.

This is a fine climate. I have felt better since I hit the territory than I have for 10 years. By the way, your notice in the I. J. was the means of one man finding me. C. T. Owens, once our station agent at McKinney, Ky., but now with the M. K. & T. road, at Hominy, I. T., only 10 miles from this point, saw in your paper where we were visiting here and wrote me. I called him by wire this morning and had a chat and will spend a day with him before I leave for home.

Happy Birthday Celebration.

DANVILLE, Sept. 20.—A happier or merrier crowd never assembled than that of the little band of relatives of Grandfather Elisha Gifford, who gathered at his hospitable home at Middleburg, on Saturday, 16th, in commemoration of his 83rd birthday. There were some 50 of his kinsmen present, which included children, grand children, great grand children, nephews and nieces. One nephew was present, who had reached his 62nd milestone. Those assembled repaired near the noon hour to a beautiful shady grove on the banks of the sparkling Green river, where dinner was served on the ground, and for the writer to begin to give a list of the "goodies" and delicacies served would take entirely too much space, but suffice it to say the spread was all that the most fastidious could wish. The afternoon was spent in songs, speech-making and reminiscences. The day was enjoyed by all present. Grandfather is getting pretty feeble but we all hope he may be spared for at least one more meeting of his kinspeople, as two daughters were detained at home on account of sickness in their families.

This year's meeting was the second annual one, the first having been held one year ago. No one enjoys the meetings more than grandfather himself and the writer sincerely trusts that he may have the pleasure of attending many more such reunions.

CLARENCE COLEMAN.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Great sale of any cough or lung medicine in the world. At G. L. Penny's drug store, Stanford, and Lyne Bros., of Crab Orchard, 50c and \$1; guaranteed. Trial bottle free.

John C. Davis, a well-known farmer, of Christian county was shot by his son-in-law, James Courtney, and instantly killed. The trouble arose at the tobacco barn, and it is said, that Davis attacked Courtney with a saw and followed him to the house.

President Roosevelt notified Mayor Behrman, of New Orleans, that he is willing to include New Orleans, in his coming itinerary in the South, provided it is the wish of the people that he come, and also provided the quarantine laws of the various States will permit the visit. President Roosevelt's Southern trip begins October 18 and he is due to be in New Orleans October 24.

President Paul Morton, of the Equitable Life Assurance Society, makes a report to the Board of Directors, in which he declares the society paid out \$218,264 to the Mercantile Trust Company in connection with "the Turner loans," and that these payments were without authority. Contracts of the Kentucky Mineral and Timber Company were used as collateral, he says.

Are You Engaged?

Engaged people should remember, that, after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettsville, S. C., says: "For years, my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." G. L. Penny, druggist, Stanford, and Lyne Bros., Crab Orchard, sell and guarantee them, at 50c a bottle.

W. "IKE" HERRIN.

The democratic nominee for jailer, is a better looking man than the above picture makes him appear. He is the present jailer and is making one of the very best Lincoln county has had in years. He is a man of courage, firmness and exemplary habits and well fitted for the office he aspires to fill another term. He was born Dec. 26, 1849, his ancestors having come from Virginia. His family consists of four bright children. He is a member of the Christian church and has fixed convictions in favor of the right, on all public questions. In fact, he is a fair representative of the sturdy yeomanry of the country which constitutes the basis of good society and guarantees the strength and perpetuity of good government. Being cautious, watchful and fearless he is the right man in the right place. He guards the interests of the public with the fidelity of a Roman sentinel, and when his prisoners escaped on one occasion, he furnished the money to capture them. He is true to the democratic party and one of the best workers and organizers in the ranks, having spent time and money for its success. His popularity is evinced by the fact that he carried Crab Orchard precinct by 49 votes, when it had gone republican in former races, and he ran 100 votes ahead of the county ticket. Such men are necessary both in campaigns and the administration of government. It is said the republicans will pit a man against him at their convention to-morrow, but they had as well not do so. Mr. Herrin will beat any body they name with the ease he defeated the last republican he ran against.

HUBBLE.

J. M. Rankin sold a pair of large mules in Danville for \$390.

Eld. F. M. Tinder closed his meeting at Cynthia with 48 additions.

G. A. Swinebroad sold M. B. Eubanks 200 barrels of corn in the heap at the shock at \$1.50. Hubble & Eubanks have their jack and mule stock at the State fair.

Hubble & Eubanks got first money on their aged jack at the State Fair at Lexington and sold him for \$1,100. They also sold a three-year-old mare mule to Gentry & Thomas for \$250. L. G. Hubble got the blue tie on his two-year-old jack.

Leslie Sloan was riding a young horse on the pike Sunday evening when the animal became unruly and ran into a buggy, turning it over. In the wreck Sloan's leg was badly injured and his face somewhat disfigured. The lady in the buggy escaped unhurt.

Tuesday night just as the rain was pouring down and it was intensely dark, the Standard Oil wagon started through the bridge over Dix river from the Lancaster side near T. C. Rankin's, when for the lack of banistering, the team went over the abutment and had it not been for a tree which caught the wagon and kept it from going over on the team there would have been a serious accident. I would suggest that the county authorities see after such places before trouble and expense comes.

Attorney General Charles W. Miller of Indiana, threatens to bring suit to recover any State funds lost by David E. Sherrick's deposed State Auditor, in gambling. The company which furnished Sherrick's bond takes the same position. Gov. Hanly in a speech at Ft. Wayne said that if the people backed him he would close up the Monte Carlos at French Lick and West Baden.
